

COX READY FOR WEST, ROOSEVELT IN EAST

Moore Hies Away To Chicago To Represent the Governor In Campaign Investigation

(By Associated Press)
Columbus, O., Sept. 2.—With E. H. Moore, Governor Cox's pre-convention manager, in Chicago ready to furnish the Senate campaign investigating committee with alleged documentary data given him by Gov. Cox intended to back up the Democratic presidential candidate's charge that a \$15,000,000 campaign fund had been raised by the republicans, the Governor himself is working today to clear up the state business before starting on the 9,000-mile swing into 22 north and western states. His itinerary calls for 67 addresses, an average of two daily, not including impromptu speeches.

The tour opens Friday in Michigan. Monday he will speak at the Minnesota State Fair. The Governor will return to Ohio on October 8. A trip to Kentucky and other southern states is to be made in October.

While Gov. Cox is in the west, Franklin D. Roosevelt, Democratic vice presidential candidate, will campaign in the east.

MINES TIED UP; MORE MEN GOING OUT

(By Associated Press)
Washington, Sept. 2.—The tie-up of 52 collieries in the hard coal fields in the 9th District of Pennsylvania, with 28 working a reduced personnel, is reported today, according to Department of Labor advisers. As to the "vacation" the walkout in that region was caused by the miners' dissatisfaction over the anthracite coal commission's wage award.

SILVER SERVICE TO BE RETURNED TO STATE

(By Associated Press)
Louisville, Ky., Sept. 2.—At the request of Lieutenant Governor Ballard, Secretary of the Navy Daniels will permit the \$20,000 silver service of the Battleship Kentucky returned to the state of Kentucky. The Times announces today, "Kentucky cannot, however, have permanent possession of the metal because it is government property. The silver service was presented to the battleship in 1900. The ship has been recently dismantled."

SEARCH FOR FUGITIVE

Louisville, Ky., Sept. 2.—Chief of Detectives DeForester today announced he was aiding a squad of city officers in the resumed search in the South Park vicinity for bandits who yesterday slugged, robbed, bound and gagged A. J. Karsner, president of the Louisville Automobile company. The bandits ran to the hills after abandoning the Karsner automobile, which was stolen. A posse of county officers vainly searched all last night for the fugitive.

Once Famous Sculptor Is Now Serving Beer

London, Sept. 2.—Scotland McLure, the sculptor, whose bronze statue of King George in coronation robes now stands in Madras, has given up his art and is now a waiter in a beer hotel at Kingston. The extension of the demand of Americans for busts and the diminution of the English demand so reduced his income that it was insufficient for his day to day needs. He declares the tips he receives in his present job give him a more comfortable living. McLure's handiwork adorns parks, squares, and public places throughout the British empire.

Louisville Workmen Postpone Their Strike

A threatened strike of motion picture machine operators, which threatened for a time of close all moving picture houses in Louisville, has been held up. The operators had everything set for a "fade out," but will postpone action for two weeks. Meanwhile they will try to agree with the Louisville Photoplay Association on a new contract.

WANTED—Fireman: apply at Madison Laundry.

LORD MAYOR OF CORK DYING

(By Associated Press)
London, Sept. 2.—Appeals in behalf of Terrence McSwiney, Lord Mayor of Cork, who today entered the 22nd day of a hunger strike at Brixton prison here, were ignored by the British government.

Sir Greenwood, chief secretary of Ireland, said today it was reported that McSwiney could not live through the day.

MOORE NOT HEARD; COMMITTEE ADJOURNS

(By Associated Press)
Chicago, Sept. 2.—The Senate campaign investigating committee adjourned at noon without hearing Edmund Moore, Governor Cox's personal representative. Chairman Kenyon announced the committee would meet at Chicago Tuesday to hear Moore and other witnesses.

Moore declared if Republican Treasurer Upham told the truth in giving the republican campaign figures, there was another campaign fund in existence. He intends to find it and give it to the committee.

Senator Poinexter, of Washington, chairman of the Republican Senatorial Committee, told the committee it was planned to raise \$200,000 for Senatorial campaigns and he expected to make a fight in his home state.

UNION CITY REVIVAL CLOSED SUNDAY NIGHT

The revival meeting at Union City held by Genl. A. Leitchler, M. A. D. B. minister of the Adelaide Street Baptist church, London, Ontario, closed Sunday night and was conceded to be one of the most successful revivals held there for many years.

There were 11 additions to the church, ten of which were by baptism.

Rev. Leitchler delivered one of the best sermons Saturday night that had been heard for many a day on "Three Fools and the Fourth." His discourses were strong and forceful. His hearers showed their appreciation by presenting him with an offering of \$212.75.

Rev. Leitchler is an unusual singer of gospel songs and has won wide esteem.

TO APPLY TARTARIA WITHIN THREE WEEKS

When the county is ready for the work of placing tartaria on the highways, the city will be ready and the tartaria will be at hand. This information came from Councilman Charles Terrill, of the street committee of the city council, and he knows whereof he speaks. He has promised a number of progressive citizens sufficient tartaria for street improvement work and has seen to it that the tartaria will be delivered. It will be sent to Richmond soon, and the work will doubtless be under way some time in this month. The tartaria and the machine for applying it will arrive when the officials say "ready" and the work for the city and county will be done at the same time. This will necessitate but one shipment and one visit to the city being made by the outfit. The work will be finished in time for its "setting" before the arrival of fall and winter rains, and, it is said, will be more beneficial when applied at this season of the year. There will be considerable improvement within the city limits and many of the county residents are asking that it be placed upon the pikes.

Will Not Collaborate With Bolsheviks, Dr. Says

(By Associated Press)
Berlin, Sept. 2.—Dr. Walter Simons, Foreign Minister, told the Reichstag yesterday that he had been asked to collaborate with the Russian Bolsheviks against the Western Powers as a means of breaking the bonds imposed by the treaty of Versailles, but after mature reflection he rejected the proposal because "If we followed these exhortations, Germany would immediately become the theatre of war and Bolshevism would be disastrous to her."

HIGH SCHOOLS OF COUNTY OPEN MONDAY

Very Able Faculty Is Now Assured For All and School Board Is Highly Pleased

All is in readiness for the opening of the county schools next week and the call to the instructors at the various institutions has been issued. The new laws governing school attendance will be in effect this year for the first time. Improvements have been made at several of the buildings and they will be in good condition for occupancy. A good list of instructors has been provided for each institution and conditions are favorable for a most successful term. There will doubtless be many students out at first, owing to the special permission law being taken advantage of extensively as a result of the tobacco harvest. There will be new furniture and cloak and reception rooms in some of the buildings as a result of the extensive improvement work. Moving pictures features are contemplated another year and there will be special music this year. Special time and study will be given over to this important feature which is becoming more and more important each year.

Paris B. Akin, who has been busily engaged with the supervision of some of the schools as well as the attendance proposition, which position he held until the advent of the new law, and recently resigned, will have charge of the Union City school, one of the most important in the county.

W. B. Elder, an educator of note and considerable experience, will have charge of the Waco schools. This is recognized as one of the most progressive and successful attendance centers in Madison County.

The instruction work and principalship of the Newby schools will be under the direction of Miss Marie Quillen, who comes well recommended, while that of the Kirksville school will be under the guidance of J. F. Fitzgerald, another instructor of recognized ability.

It is believed the faculty at the county high schools this term is the most capable obtained for some time, and some excellent records are anticipated. There has been a big influx of students, owing to the advancement of the large number of students from the lower grades who graduated some time ago and enter the high schools for the first time.

Women May Serve As Election Clerks At Danville

Women voters will probably be pressed into service at Danville as election clerks, was the announcement made by Sheriff Harris. With four additional precincts in the city, there is a scarcity of male clerks and the women appear to offer the only solution of the election commissioners' problem.

TO BE BAPTISED THURSDAY NIGHT

The following persons will be baptised at the First Baptist church Thursday evening at 7:30 o'clock, by Pastor L. A. Byrd, of the Calvary Baptist church: Mr. and Mrs. J. S. Hendricks and daughters, Ina and Grace, Mr. and Mrs. D. C. Sparks, Mr. and Mrs. William Royce, Zion Hamlin, Wayne Johnson, Mrs. Amelia Story, Miss Margie Cruse, Miss Edna Smith, Mr. J. W. Smith, Miss Opalce Young, Mr. William Garrison, Mr. Hugh Sparks and Mrs. Ada Johnson.

Those received into the church by letter during the recent revival were: Mr. and Mrs. C. M. Cruse, and daughter, Miss Nannie Cruse, Mr. and Mrs. T. P. Emmons and Mr. and Mrs. S. W. Warmouth.

Weather For Kentucky

Partly cloudy tonight; Friday fair; continued cool.

Today's Livestock Markets

Cincinnati, Sept. 2.—Lamb steady; Jersey steady; hogs steady; Chicago, steady, lower; cattle steady.

Louisville, Sept. 2.—Cattle 300; slow and unchanged; hogs 1,100; active and unchanged; sheep 1,000; active and unchanged; lambs unchanged.

Talk about anybody needing sympathy, a Louisville man charged with bigamy is in jail and three of his wives want him out.

AUTO IS STOLEN; LOCAL RECORD LOW

Few Machines Missing Compared To Other Localities, When Number Is Considered

W. C. West, of Speedwell, was in the city Wednesday looking for a man, or rather three men, who purloined his automobile Tuesday night, the theft not being discovered until late Wednesday. The machine was taken from his barn and a number of neighbors saw the machine driven away, but presumed it was Mr. West. There were a number also who passed the auto which, they assert, contained three men, and all report that when they were in close proximity, the driver turned off the lights and appeared to be doing some repair work. This, it is believed, was done for the purpose of preventing their recognizing the license number. It is first automobile stolen from that place during the year, and this about the fact that Richmond has been extremely fortunate, according to reports from other cities, since there have been few reported stolen. One recently reported missing, was found within the confines of the county where it had doubtless been driven by wayward youngsters, and recovered.

Last year there were, according to the records of the county, more automobiles stolen than ever before or since. The precautionary measures taken by many may be a help, however, the number reported is far below the average for cities the size of Richmond. Some owners are provided with special locks and when cars are left for any considerable time, especially at night, these are used.

It is said by dealers, as well as owners, that considering the large number of automobiles in use in Madison county, the records for the entire county, when compared with other counties, will show an unusually small number of machines having been stolen.

MODEL SCHOOL AND COMPLETE FACULTY

Students of the Model School, grades and high school, will be enrolled on Tuesday, September 21, beginning at 9 o'clock a. m. Parents desiring to enter students should communicate with the Business Office (address F. C. Gentry) at once as the grades throughout are limited. Not more than 32 students will be admitted to any one room. The faculty will be as follows: Supt. R. A. Edwards, director of Training School; G. L. McClain, principal of high school, in charge of grades 11 and 12.

Miss Jessie Newell, assistant in high school, in charge of grades 9 and 10.

Miss Vernon Horn, critic teacher of grades 7 and 8.

Miss Florence Lewis, critic teacher of grades 5 and 6.

Miss Germania Wingo, critic teacher of grades 3 and 4.

Mrs. Gladys Tyng, critic teacher of grades 1 and 2.

Miss Miriam Noland, critic teacher in charge of rural school.

CALDWELL SCHOOL NOW READY FOR THE OPENING

Preparatory to the beginning of school at the Caldwell building next week, the weeds have been cut and the grounds as well as the building put in order for the fall and winter session. The list of teachers has been selected and everything is in readiness for the opening. The Madison school will open, according to present plans, the following week. The work at the latter building is being hurried with this in view.

STOLEN -- \$25 REWARD

Five passenger Ford car, License Motor No. 1016161; new top put on this spring; shock absorbers on front, none on rear; one light glass lower half painted black and broken; four red top fish tires. Car stolen from Speedwell, Ky., August 31st, by three or four men. Wire any information to Chief of Police, Richmond, Ky., or undersigned.

W. C. WEST, Phone, Waco 505, Speedwell, Ky. 212 4

WOMAN HANDLES BIG SCHOOL WORK

Mrs. B. F. Edwards Proves Very Able Assistant During Illness of Her Husband

While Ben F. Edwards, Superintendent of the county schools, is confined to his room as a result of the flu, the business at his office is not suffering, since Mrs. Edwards is in charge and is handling the business like a veteran. She will give information regarding any of the schools, the teachers, the manner in which the supervisors are working, and details regarding anything in the way of county school information desired.

Mrs. Edwards has had experience in the office before, and while she admits she has the "busiest school in the county" right at her home, she will remain in official duty the remainder of the year, since she will be assistant county superintendent.

The work since the opening of the schools and the new law calling for truancy officers and such have added greatly to the duties of the office and it was found necessary to have an aid, especially since the illness of Mr. Edwards.

The beginning of the county high schools next week adds to the importance of the duties of the office at this time and this also is being looked after by Mrs. Edwards.

It develops that the Newby school, although the official start was to have been made next week, has been opened, and there is a big attendance. There is a goodly number of students and indications are that the institution will be even a busier place when those students now absent with permission, resume their studies.

The condition of Mr. Edwards is improving in such a manner that his return to the office is predicted by the last of this week or the first of next. Mrs. Edwards receives reports from the various schools as well as the principals, in charge, and "has a line" on the work that is being done. She is proving quite efficient, according to the members of the board, and will doubtless prove a valuable aid in the official work.

LATE NEWS NOTES

Epidemic of smallpox has hit McCracken county and children must be vaccinated, according to the order of the board of health before entering school.

Street railway men at Lexington have asked for an increase amounting to 20 cents an hour, and a conference has been called by the officials of the company.

State convention of the American Legion will open Friday at Louisville with representatives from almost every post in the state in attendance.

John Leach, 65, well known resident of Mt. Sterling, is dead at his home there, survived by a widow and several children. He was well known in Madison county.

Convention of Baptists at Millersburg has been closed owing to the incessant rains and high waters.

Oil and coal men have decided to aid in the improvement of 18 miles of road between Paintsville and Salsersville, this action following statement of State Highway Engineer Joseph Boggs that he would see to it that the highway received immediate attention.

Thomas J. Owsley, 94, pioneer citizen of Bourbon county, is dead at his home at Paris, after a protracted illness due to old age.

Continued rains are reported at Carlisle, scene of the recent flood, and aid continues to pour in for the stricken families.

The postoffice at Pinckard, near Versailles, has been abolished, mail addressed there going to Keene, Jessamine county.

Ohio farmers are planning the formation of a giant wheat pool, with the view to governing the price of wheat instead of taking what is offered. This is similar to the tobacco growers' movement in this and other states.

Search in Mexico is said to be on for the Americans abandoned by their abductors recently. Nothing has been seen of them, since they are reported to have been turned loose.

Reports from Japan have been received to the effect that they will bar immigration to the United States, this country admitting of the nationalization of those already here.

DR. M'DOUGLE AT CHARLESTON

Dr. E. C. McDougale, dean of Eastern Normal, who is conducting an institute for teachers at Charleston, W. Va., this week, is making a decided hit, according to reports issuing from that city, there having been many references through the daily papers regarding his efficient and modern method of carrying on the sessions and the instructions at the same. The following is from the Charleston Daily Mail, treating upon his address at one of the meetings:

The "Teacher's Five Fits," was the subject of an address made the Kanawha county teachers' institute in the auditorium of the Charleston high school building, by Dr. E. C. McDougale, dean of the Eastern Kentucky State Normal School, Richmond. His address featured the morning session of the meeting, which adjourned at noon, reconvening at two o'clock.

The "fits" outlined by Dr. McDougale were, physical fitness, academic fitness, professional, cultural and religious fitness. Speaking of each he made several practical suggestions for the teachers. He advocated above all else pure food and ample sleep, a high school education for all teachers, professional training of teachers corresponding to that of lawyers and physicians, travel, good reading, music, art, and other broadening influences, and enough religion to believe in a Creator.

In conclusion, Dr. McDougale recited an original poem, written in 1908. This poem had been frequently reprinted in various papers throughout the country and is entitled, "God and Nature."

May Fly German Flag By Special Permission

(By Associated Press)
Coblenz, Germany, Sept. 2.—German flag may again be displayed from public buildings and carried in parades, on special occasions, in all the Rhineland, except the American area. Under the High Commission's order, the Germans must obtain a permit for each display. Major General Henry T. Allen has not approved the order for the American area because the armistice status still exists there.

Galveston Ranks Second In The Export Cattle

(By Associated Press)
Washington, Sept. 2.—Galveston, Texas, took second rank among ports of the United States in the value of exports during the fiscal year ended last June 30. The total value of its foreign shipments as given by the Department of Commerce as \$598,239,227, or nearly double those in 1919, and greater by three times than those in 1918.

Nearly half of all the exports from the whole country were sent out of New York, the value being \$3,383,638,588, or \$180,000,000 greater than the exports the year before and nearly \$1,000,000,000 more than those in 1918.

POLES ANNIHILATE NOTED LEADER'S ARMY

(By Associated Press)
Warsaw, Sept. 2.—The Bolshevik army of General Budenny, the noted cavalry leader, was annihilated during the operations in the Lemberg sector between August 29, and September 1, says a Polish official communiqué issued today. Budenny's mounted men endeavored to break through the Polish lines to Lublin and nearly completed the encircling movement against Zamosz, when they were outflanked by the Poles. The Soviets were defeated and retreated disorderly, the Poles capturing thousands of prisoners. The Russians were also bested along the entire center and southern fronts.

KENTUCKY CONFERENCE OF METHODIST CHURCHES

The one hundredth session of the Kentucky Conference of the Methodist church, South, has been opened at Lexington in the Park avenue church, with a sermon by the Rev. M. S. Clark, of Frankfort, on "The Death of Stephen," and will close Sunday night after a program of business sessions and addresses of eminent preachers of the church.

IRVINE'S POPULATION JUMPS TO 2,705

Bell County Also Shows Decided Increase While Grant Loses By a Wide Margin

Due to the development of oil fields in this section of the state, there has been remarkable increases in population in various localities, Estill county being among the foremost, Irvine showing a gain 845.5 per cent, according to the census returns for the last decade. The population for 1920 is 2,705, as compared to 272 in 1910 and 260 in 1900. There are a few instances where this percentage of population has been surpassed; however, they are few, and characterize the army attracted by the discovery of oil and the pursuance of the game of developing it.

Oil is doing for Kentucky what it has done for many other states, namely, Indiana, Illinois, Oklahoma, Texas and others. The population in some instances has proven to be more permanent than anticipated. In some localities there have been better home, better school facilities and general prosperity, and advantages given the most lowly, when this world's goods are concerned. Oil makes no distinction between rich and poor. Its presence may be found within the confines of the unfenced, dilapidated hill home, or the palatial residence yard in or near the city.

Bell county, in the Eastern Kentucky coal fields, has increased 19.5 per cent. The population is 35,988, an increase of 5,541 over the population of 28,447 in 1910. In the 1900 count there was 15,701. Between 1900 and 1920 the increase was 81.2 per cent.

Grant county decreased 146, or 1.4 per cent. The 1920 population is 10,435. In 1910 it was 10,581, a decrease of 20.1 per cent from the population of 13,239 in 1900.

THE IRVINE SHIFFLETT FUNERAL WEDNESDAY

The funeral of Irvine Shifflett, who died at a Louisville hospital of tuberculosis after a protracted illness, was conducted by the Rev. D. H. Matherly on Wednesday from the residence near Moberly. There was a large attendance of friends and relatives, this being the second death in the family from the same disease within a week. Mr. Shifflett, who had been a resident of the Moberly district for a number of years, was well and favorably known. Mrs. Shifflett died several years ago, and two children are left to mourn the loss of their parents.

MOORE LEAVES FOR CHI. WITH DATA ON CHARGES

Columbus, Ohio, Sept. 2.—E. H. Moore, of Youngstown, Ohio, pre-convention manager of Governor James M. Cox, has left for Chicago as the personal representative of the democratic presidential nominee to be ready to present to the senate subcommittee in investigating campaign expenditures data in support of the governor's charges that the republican committee is collecting a campaign fund of \$15,000,000.

JOHN EMBRY ESCAPES WHILE GUARD SLEEPS

About the time John Embry, of Estill county, charged with the slaying of Luther Young on July 4, was able to leave the hospital at Lexington, the special guard who was left to watch him fell asleep and John vanished. Nothing has been seen or heard of him since, although there has been a search made covering several counties.

Embry and Young, who are said to have been friends up till the time of the trouble, are known to have been neighbors, and went out to celebrate the Fourth of July. Each is said to have had a pistol, and they were possessed of a quantity of whiskey. Shooting is said to have followed their excursion into another part of the neighborhood, and both were taken to a hospital at Lexington seriously wounded. Young suffered for some time, dying of the wounds received. Embry fought for his life week after week and survived. It was when he had recovered sufficiently to be removed from the hospital that the guard was procured. The latter slept. Embry didn't.

Dempsey Ready For Bout

(By Associated Press)
Benton Harbor, Mich., Sept. 2.—Jack Dempsey, world's heavy champion, and Billy Miske, challenger, are apparently ready today for the ten round championship contest Monday afternoon.

WIFE WAS GOING ON
Bridgeport, Conn., Sept. 2.—"We found the piano while mother and Wade put papa's body in the coffin," this statement was made in the course of the testimony of Rose Nott, 11 and 12 years old, respectively, daughters of George E. Nott, who was murdered here Sunday. "Mother and father had a quarrel," said the little ones. "We saw them wrestling in the hallway. Papa wanted mother and he went upstairs. Wade and John B. Johnson, both of whom are under arrest, maintained an attitude of bravado throughout the hearing. Mrs. Nott will be called to testify when she is able to do so."

BIG INCREASE PREDICTED
IN YEAR'S TOBACCO CROP
The latest statistics prepared by the United States department of agriculture in regard to the growing crop of tobacco indicates a production for the current year considerably in excess of 1919.

Favorable growing weather during the month of July prevented the crop showing a decline in condition, and in this respect there is reported an increase of 5.6 per cent compared with the 10-year average condition on August 1. The total yield of tobacco in the United States is placed at 1,544,489,000 pounds, based on the condition of the crop on August 1.

STILL FOUND IN DAY'S
KITCHEN AT WINCHESTER

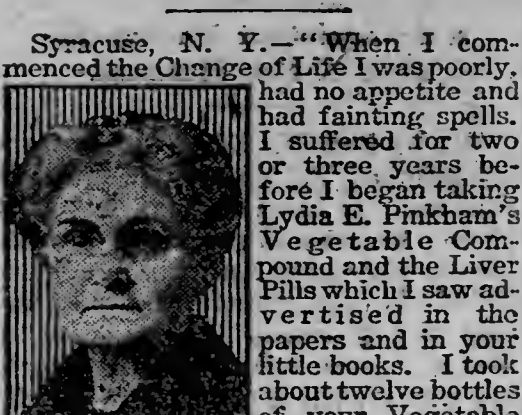

A moonshine still was seized in the kitchen at the home of Will Day, at Winchester, in a raid by prohibition officers and the police, according to dispatches. Day, who is well known in Richmond, the officers say, confessed that he had been operating the still for two months. It was in the corner of the kitchen and was camouflaged off so that it could be concealed easily. Two worms, a flake stand, ten gallons of mash and small quantities of malt, meal and rye were seized along with several gallons of moonshine.

LEGION MEETING PROGRAM

Plans for the second annual convention of the American Legion, department of Kentucky at The Seelbach in Louisville Friday and Saturday, were announced yesterday. The convention will be called to order on

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, I had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMPSEY, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

Friday morning at 10 o'clock by Ulrich Bell, department commander. The remainder of the day will be devoted to question dealing primarily with the welfare of former soldiers and sailors.

FAMOUS OLD WELLS NOW BEING CLOSED

Watering Places That Made Richmond Famous In Pioneer Days Give Way to Progress

Years ago before the birth of inhabitants two score years old, there were a number of wells dug about the city and Richmond 'grew around 'em,' old residents state, and this would seem a fact, since the wells are, or rather were, in the center of the streets as well as the city. Waterworks were not thought of in those days, and when there was a fire the wells furnished water to extinguish the flames. They were also used for watering the thirsty steeds of travelers, instead of the gasoline used now for replenishing the power of the automobile. Many of the wells are among the best to be found in this part of the state and the quality of the water, which seemed inexhaustible in the way of quantity at times was known far and wide. "Go to Richmond for good water," is a term used by residents hereabouts so long ago that perhaps it is known or remembered by the oldest residents only. However, it was an important saving in the early days.

These wells, since the street paving has been started, are being filled up the last one, with one exception, being closed Thursday. It was one of the first ones to be dug and the last to be filled up. It served its purpose well, did the well, as did the others. It stood at the northwest corner of Main and First streets, about 20 feet north of where the fountain is located. It was 20 feet deep and the matter of filling it up was no small proposition.

There was an abundance of water which had been standing for years, and this rendered the work unpleasant to a degree, but workmen finally conquered, and the big hole is no more. There is one left, that one being at the corner of Second and Water street. This will escape the fate of the others, since the street paving will not extend that far south on Second street.

STAPLE FOOD PRICES DESTINED TO DECLINE

Washington, Sept. 2.—Crop indications for 1920 are so favorable, in spite of increased railroad rates and other factors tending to increase costs, that a decided drop in the price of all staple foods should take place this autumn.

This statement was made yesterday by crop experts at the department of agriculture. Wheat, they say, will be but little short of the record crop raised last year, and the corn crop promises to be a record-breaker. This splendid record, department officials assert, is due in part to an unusually favorable season and abundant rainfall. In view of the prevailing shortage of labor the showing is stated to be especially gratifying, but warning is given that unless farmers' burdens are lightened and he is given a fair share of profits a heavy slump must be expected in next year's crop.

Invented by a Virginian, a new hand plow can be turned over and the handles fitted to make it serve as a wheelbarrow.

Important Change

Desiring to give our customers and friends the very best service possible, we will begin

September 13th

PUBLIC RENTING! and SALE of STOCK and CROPS

ON

Tuesday, September 21st., 1920

I will rent to the highest bidder my farm on Muddy Creek, 3 miles from Waco, Madison county, Kentucky, consisting of

327 Acres More or Less

200 acres of this farm is bottom land; about 55 acres for corn; 7 acres for tobacco; about 30 acres meadow, consisting alfalfa, clover, timothy, etc. about 20 acres wheat, and about 215 acres grazing land. Possession of house and grass given on day of renting; also small grain provisions. Other possessions given January 1st, 1921.

There is on this farm a modern 8-room house, with good cellar, good cistern, garage, and all other necessary out buildings, including three good tobacco barns and stock barns; a No. 1 orchard consisting of 5 acres of all kinds of fruit. This farm has two big fish ponds near house and one ice house, fine water and grass and best fenced farm in Kentucky. Has to be seen to be appreciated. Also one tenant house.

Stock, Crops and Implements

400 BUSHELS SEED WHEAT

Will also sell publicly on same day and place about 600 barrels of corn, 1,000 bales of alfalfa, 700 shocks of fodder, 600 bales of wheat straw, farming implements; 3 pair of mules, 30 fat hogs, 1 good work horse, in fact everything that it takes to run a first class farm. For further particulars, call

WIFE GOING ON
Bridgeport, Conn., Sept. 2.—"We had the piano while mother and I were put papa's body in the house. This statement was made in the course of the testimony of Rose Nott, 11 and 12 years old, respectively, daughters of George E. Nott, who was murdered here Sunday. "Mother and father had a quarrel," said the little ones. "We saw them wrestling in the hallway. Papa wanted mother and he went upstairs. Wade and John B. Johnson, both of whom are under arrest, maintained an attitude of bravado throughout the hearing. Mrs. Nott will be called to testify when she is able to do so."

BIG INCREASE PREDICTED IN YEAR'S TOBACCO CROP

The latest statistics prepared by the United States department of agriculture in regard to the growing crop of tobacco indicates a production for the current year considerably in excess of 1919.
Favorable growing weather during the month of July prevented the crop showing a decline in condition, and in this respect there is reported an increase of 5.6 per cent compared with the 10-year average condition on August 1. The total yield of tobacco in the United States is placed at 1,544,489,000 pounds, based on the condition of the crop on August 1.

STILL FOUND IN DAY'S KITCHEN AT WINCHESTER

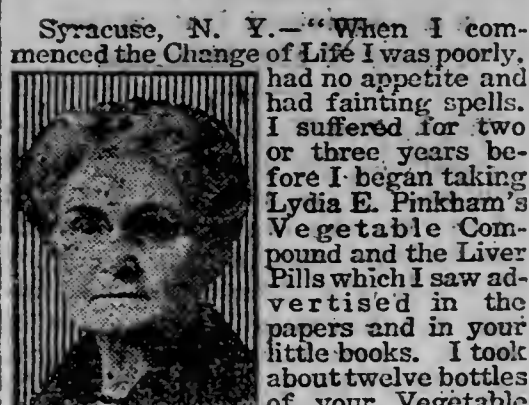

A moonshine still was seized in the kitchen at the home of Will Day, at Winchester, in a raid by prohibition officers and the police, according to dispatches. Day, who is well known in Richmond, the officers say, confessed that he had been operating the still for two months. It was in the corner of the kitchen and was curtained off so that it could be concealed easily. Two worms, a flake stand, ten gallons of mash and small quantities of malt, meal and rye were seized along with several gallons of moonshine.

LEGION MEETING PROGRAM

Plans for the second annual convention of the American Legion, department of Kentucky at The Seelbach in Louisville Friday and Saturday, were announced yesterday. The convention will be called to order on

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. Deane, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

FAMOUS OLD WELLS NOW BEING CLOSED

Watering Places That Made Richmond Famous in Pioneer Days Give Way to Progress

Years ago before the birth of inhabitants two score years old, there were a number of wells dug about the city and Richmond 'grew around 'em,' old residents state, and this would seem a fact, since the wells are, or rather were, in the center of the streets as well as the city. Waterworks were not thought of in those days, and when there was a fire the wells furnished water to extinguish the flames. They were also used for watering the thirsty steeds of travelers, instead of the gasoline used now for replenishing the power of the automobile. Many of the wells, are among the best to be found in this part of the state and the quality of the water, which seemed inexhaustible in the way of quantity at times was known far and wide. "Go to Richmond for good water," is a term used by residents hereabouts so long ago that perhaps it is known or remembered by the oldest residents only. However, it was an important saving in the early days.

These wells, since the street paving has been started, are being filled up the last one, with one exception, being closed Thursday. It was one of the first ones to be dug and the last to be filled up. It served its purpose well, did the well, as did the others. It stood at the northwest corner of Main and First streets, about 20 feet north of where the fountain is located. It was 30 feet deep and the matter of filling it up was no small proposition.

There was an abundance of water which had been standing for years, and this rendered the work unpleasant to a degree, but workmen finally conquered, and the big hole is no more. There is one left, that one being at the corner of Second and Water street. This will escape the fate of the others, since the street paving will not extend that far south on Second street.

STAPLE FOOD PRICES DESTINED TO DECLINE

Washington, Sept. 2.—Crop indications for 1920 are so favorable, in spite of increased railroad rates and other factors tending to increase costs, that a decided drop in the price of all staple foods should take place this autumn.

This statement was made yesterday by crop experts at the department of agriculture. Wheat, they say, will be but little short of the record crop raised last year, and the corn crop promises to be a record-breaker. This splendid record, department officials assert, is due in part to an unusually favorable season and abundant rainfall. In view of the prevailing shortage of labor the showing is stated to be especially gratifying, but warning is given that unless farmers' burdens are lightened and he is given a fair share of profits a heavy slump must be expected in next year's crop.

Invented by a Virginian, a new hand plow can be turned over and the handles fitted to make it serve as a wheelbarrow.

SOCIAL AND PERSONAL

Dinner Party

Mr. and Mrs. Horace Wells entertained at six o'clock dinner Saturday evening, honoring their daughter Mrs. Bessie Wells Benton, who was home from Lexington for a visit. Covers were laid for Misses Beulah and Clay Duncan, Edith Broughton, Lucille Rice, Hazel Moore, Bessie

Wells Benton; Messrs. Stanton Rayburn, Herbert and Hubert Jones, Earl and Russell Todd and Mr. Cornelison.

Beautiful Lawn Party

Misses Lunata Ellen and Eva Hayden were hosts at a lawn party Monday evening at their home on the Jack's creek road. Numerous Japanese lanterns were used to illuminate the lawn, where delicious punch was

served by Misses Geneva Hayden and Edna Millon. A tempting ice cream greatly refreshed the guests. During the hours Mrs. Bertha DeJarnette assisted the hosts. Included in the invitations were Misses Lissie and Ray Millon, Elizabeth and Diana Lackey, Lucille and Virginia Gibbs, Calvina Mason, Ethel Turpin, Lucille Allen, Mae Phelps, Mary H. Gibson, of Lexington; Mary Iby, of Alabama; Louise Richmond, Emily and Elizabeth Hise, Sara Goodloe, Bettie Herndon, Bonnie Mac and Ray Stocker, Jean Doty, Ella and Miss Herndon, of Winchester; Lula Cornelison, Emma Oldham, Ellen Millon, Geneva Hayden, Mrs. Bertha DeJarnette; Messrs. Julian Millon, Fred Fielder, Pat Allen, John Lackey, Eagle Doty, William B. Turley, Edwin McCord, James Gentry, William Smith, Bolton Park, Robert and Thomas Phelps, Igo Perry, James L. Hilde, Alex Turpin, Arch Doty, Russell Cay, Freck Herndon, William J. Mason, Andrew McCord, Edward Combs, Cecil Dunn and Franklin Millon.

Mr. and Mrs. J. A. Myers, of Louisville, were recent guests of Mrs. E. H. Bybee and Mr. Harry Bybee on Woodland avenue.

Misses Mina and Ella Herndon, of

Winchester, were guests of Miss Ethel Turpin on the Red House pike for a week-end visit.

The Lexington Herald says: "Judge Grant E. Lilly, Mrs. Lilly and Miss Austin Lilly are spending this week at Olympia Springs."

Mrs. Bessie Wells Benton, of Lexington, who has been visiting her parents, Mr. and Mrs. Horace Wells, near Waco, is spending a few weeks in Mt. Sterling.

Mrs. William Cobb, of Cynthiana, was called to Richmond by the illness of her sister, Mrs. W. S. Taylor, whose condition, we are glad to report, is improved.

Prof. S. S. Myers, Mrs. Myers and daughter have returned from a visit to relatives in Chicago and Pennsylvania and are with Mr. and Mrs. F. M. Arbuckle on Lancaster avenue.

Mr. Maxwell Kennedy, Mr. Parker Matthews, of Cincinnati, and Mr. Hubbard Hood, of Covington, are guests at Yorkick, having come to attend Miss Florence Burnam's dance Thursday evening.

Winchester, were guests of Miss Ethel Turpin on the Red House pike for a week-end visit.

Prima Donna

It's nice to sit and listen to the Edison Disc Records. It's a great pleasure to listen to Galli-Curci and the different Victor artists. It's a good hearty laugh and plenty of fun to listen to the comedians on the Columbia. It's a great satisfaction to listen to the **Prima Donna** play all of these records with the same reproducer and tone arm at a big money value that none other can compete.

THE PRIMA DONNA PLAYS ALL DISC RECORDS WITH A SOFT AND MELLOW TONE

Prima Donna cabinets are highly polished on all sides, back and front. The Cabinet is 45 inches high, 20 inches wide and 19 inches deep. Hear it speak and play for itself. Sight cures the blind and to hear cures the deaf. When you both see and hear the **Prima Donna** play all records, you will note for yourself.

UNION CITY

Mr. and Mrs. C. L. Tipton attended the Baptist association meeting at Paint Lick this week.

Mrs. Ben Todd and daughters, Misses Jeannette and Reba, of Winchester, are visiting relatives and friends here this week.

Mr. Laban Rupard, who is employed at Akron, Ohio, is spending his vacation with his parents, Mr. and Mrs. E. B. Rupard.

Mrs. Lloyd Sharp and sons, Lincoln and Gene, are visiting Mr. and Mrs. C. L. Tipton.

Mrs. Wright Baber was seriously hurt Tuesday night while returning from church. Her horse became frightened and backed off the bridge below Union City. Mrs. Baber was thrown on the rocks at the bottom of the creek, sustaining a broken collar bone, and otherwise injured. She will recover. Bani-ers at the bridge would have prevented this accident, and will probably be placed there at once by the fiscal court.

Rev. Wilson Reeves, who is studying for the ministry at Wilmore, is spending his vacation with his parents, Mr. and Mrs. James C. Reeves.

Little Miss Mary Park and brother, who have been with their grandmother, Mrs. M. H. Berry, and other relatives in the county for several months, have returned to their home in Missouri.

Arrangements have been completed for the opening of the Union City high school September 6. Prof. Paris B. Akin, who so successfully managed the school last term, has decided to remain as principal, notwithstanding many flattering offers at other places. Miss Gertrude Collette has been secured as assistant principal, and with Mrs. Della Williams, Miss Mary Earl Griggs and Miss Monnie Calico the corps is complete. The department of music added last year will be continued, and with the addition this term of departments of manual training and domestic science the Union City high school will be among the leading ones of rural Kentucky.

The revival at the Baptist church, being conducted by Rev. Lickelighter, of Canada, is progressing nicely. Big crowds are attending and much interest is being shown.

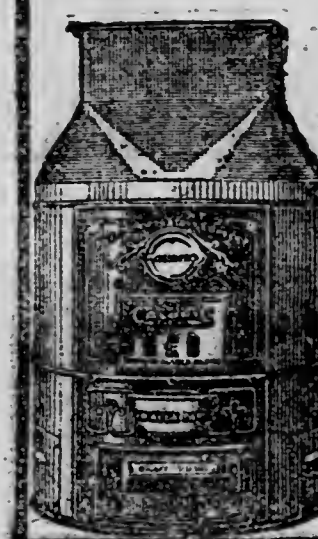

Mr. and Mrs. William Dunbar entertained the following guests with a country dinner, Thursday: Mrs. Rufus Hamilton and daughter, Miss Margaret, of Kansas City, Mo.; Miss Nannie Hamilton, of Estill county; Mrs. Charles Wagers and daughters, of Kirksville; Mr. Sam Turpin and family, of Richmond; Mr. Alex Turpin and family, of Red House, and Mrs. Nannie Harris, of this place.

Mr. Jonah Parks, one of our aged and respected citizens, remains very ill at his home near here.

The Union City voting precinct (McCreary) which has long been known as the banner democratic precinct of the county, will not fail to keep up its reputation, according to reports coming from different parts of the precinct. Most of the women served. All report a nice time.

say they did not seek the right of suffrage, as they had plenty of household duties to keep them busy, but as the privilege has been granted they are going to vote, and vote right.

FOREST HILL

Mr. Leon Pigg visited Mr. Eugene Davis and family at Red House Saturday night and Sunday.

Mr. and Mrs. J. H. Million and children spent Saturday night and Sunday with relatives at Newby.

Mrs. Lem Tudor and daughter are visiting Mrs. Miley Lowry and family.

Mr. Willie Haden, of Boonesboro, visited his mother, Mrs. Mary Haden, Friday.

Mina Moore is visiting her grandmother, Mrs. Bettie Powell, and family.

Mrs. Bertha DeJarnette and Geneva Haden spent Monday night with Mrs. J. H. Million and family.

David and Tom Butler, Mrs. Walker Butler, and Miss Ollie Butler, all of Clark county, were weekend guests of Mr. Elza Pigg and family.

Miss Lena Grizzard will leave this week to begin a school in Woodford county. We wish her much success.

Mr. Albert Newby has purchased a new Ford car.

Margaret Grizzard entertained about 25 guests to Friday night. Refreshments were served. All report a nice time.

THE MADISON NATIONAL BANK

welcomes and appreciates the accounts of individuals, corporations or firms.

Its extensive clientele developed during its long years of consistent, considerate service is splendid endorsement of agreeable and satisfactory relations maintained with its customers.

It has fostered the ambitions of many a young man in business and stands ready to grant any and all accommodations consistent with sound and legitimate banking.

To serve as a curtain, a colored spring has been invented that is held on a window or door by ornamental claws at its end.

Carnations with stems sufficiently strong to support their heavy blooms without assistance have been bred by French floriculturists.

An obsolete American battleship is being fitted with apparatus for experiments in steering and control by wireless from distant ports.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health... can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

SPECIAL WORKING PERMITS ARE ISSUED

County School Students Between 14 and 16 Years, Show Ecnomic Spirit

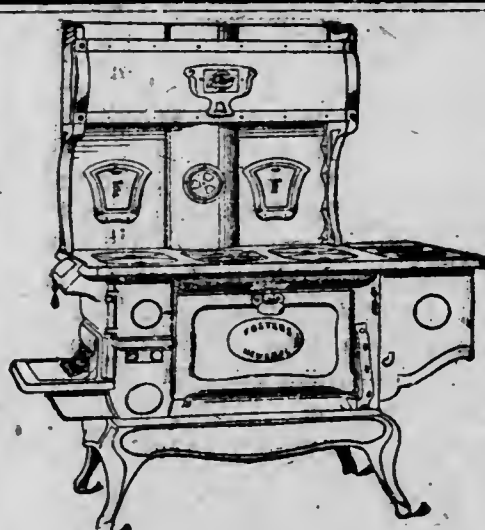

There are many boys and girls in Madison county, residents of the country, who are petitioning to help with the tobacco and other crops, and these petitions are beginning to come in to Truant Officer Paris B. Akin, as a result of the special permit being issued as a result of the ruling by State Superintendent George Colvin.

The special privileges effect those between the ages of 14 and 16, inclusive. There are three times as many boys and girls asking for permission, and thus far all are being granted. These petitions have to be presented to the truancy officers, and signed by the parents of the children. The period time covers the cutting and harvesting of the tobacco crops generally. This is the first time this measure has been resorted to, and is a result of the scarcity of farm help, as well as the compulsory educational laws. When the matter was placed before the state superintendent, he took it up immediately with the result that the ruling was made. Mr. Colvin held that in instances where the younger members of the family were needed to save the crops, they should be able to remain out of school for a short period. "The boys all seemed very enthusiastic about the privilege granted them," the truant officer stated, some of them saying they were "going to get a hundred dollars" for what they will be able to do until the close of the tobacco season.

MEXICO OIL SUPPLY SURPASSES ALL OTHERS

Mexico City, Sept. 1.—Mexico will export this year more petroleum than all other countries combined, said a treasury department statement issued here. Estimated shipments for the year aggregate 140,000,000 barrels. All records in the petroleum history of the country were broken during July, when 12,500,000 barrels, went out of the country.

Louisville Elks are preparing a \$1,000,000 home. The building, which will vie in point of splendor with any to be found in the country, will be constructed on the site of the present building. Nine families were rendered homeless at Hickman as a result of fire destroying several residences there.

NEW YORK BIRTH RATE INCREASES, DESPITE COST

New York, Sept. 1.—Despite the high cost of living, shortage of housing and the scarcity of domestic servants, the actual birth rate in New York City is going up at a rapid rate, according to health authorities, statistics issued here.

The figures show that the birth rate per thousand for the first seven months of 1920 was 22.34, against the rate of 21.90 in the same period last year.

While the birth rate is on the increase, the health departments statistics show that the death rate of the children in the city is on the decline. The rate of infant mortality for the past year on each 1,000 births was 83. The decline in death rate is attributed by the authorities to the law of sanitation and healthful living, which are now better understood by the mass of the people.

At Manchester, Clay county, twelve quarts of whisky were taken by federal officers from the home of William Stewart, a barber.

HAWAII'S NATIVE RACE WILL SOON BE EXTINCT

(By Associated Press) Honolulu, T. H., Sept. 1st.—Hawaii's native race will be extinct in 76 years if the ratio of births and deaths set by the official figures for the fiscal year 1919-20. This is indicated by the report of Dr. F. E. Trotter, president of the territorial board of health which shows that during the year the deaths of pure-blooded Hawaiians totaled 1,009, while there were 576 births.

There are approximately 25,000 pure blooded Hawaiians living in the Hawaiian Islands, according to estimates. Reports for the past years show decreases in their numbers. If marked contrast with the evidence that the Hawaiians are members of a "dying race" are the vital statistics dealing with those who represent mixtures of Hawaiian with Caucasian and Asiatic blood.

CARLOADING RECORD IS MADE; CONDITION BETTER

Washington, Sept. 1.—Railroads of the country loaded more cars with commercial freight during the week ending August 14, than during any week this year, according to reports compiled by the commission on car service.

During the week ending August 14, 962,352 cars were loaded, compared with 832,439 cars during the corresponding week of 1919, and 948,796 in 1918. Slight decrease in car congestion was reported, the accumulation of cars for the week ending August 20 amounting to 74,945 cars as against 79,213 for the previous week.

MORE CASES REPORTED

Following a report from Cleveland, Ohio, of the attempt of a swindler to profit by the grief of a mother whose inquiry was published in this department, the American Legion Weekly, by arrangement, with which these cases are published, announces that it will prosecute all such offenders.

These additional cases are presented:

John R. Tane, pvt., M. G. Co., 11th Inf., reported dead on Oct. 21, 1918. Buried in American cemetery, No. 624, Les Plazes, Meuse. Information about his death wanted by brother, George R. Tane, Troy, Tenn.

Arthur W. Rettig, cpl., M. Co., 26th Inf., presumed killed in action July 18, 1918, but two buddies say that he was only wounded. Further information sought by mother, Mrs. Olive Rettig, 189 Moss avenue, Oakland, Cal.

DR. THACHER'S LIVER AND BLOOD SYRUP

Thousands Leaving Mines in Pennsylvania

Pottsville, Pa., Sept. 2.—Between 25,000 and 30,000 miners are on "vacation" in District 9, according to reports received at the various headquarters. Reports showed that the Lehigh Coal and Navigation Company in the Panther Creek Valley, employing about 12,000 men, are completely tied up, while the Pennsylvania Railroad Company reported all five of the collieries supplied by them closed tight. They employ 25,000 men.

Pie Supper

There will be a pie supper at Silver Creek school house Saturday night, September 4.—Mrs. Hume and Miss Tatum, teachers. 212 1

COUNCIL THURSDAY NIGHT

There will be routine business at the regular meeting of the council on Thursday night. Matters pertaining to streets, bills and the usual complaints are expected to characterize the session. The matter of placing tarvia on the streets will be taken up later, the city be almost ready for the work to be started.

MAIN STREET BLOCKED. WORK IS BEING HURRIED

It was necessary Thursday morning to block Main street at Second, in order to make progress with the work of leveling that thoroughfare, owing to the persistence of auto drivers using it. The work has also been hampered by the merchants sprinkling the streets. This will be in perfect order, street men say, after the leveling process has been finished. However, while the work is going on it renders the ground so soft but little headway can be made.

Thursday morning, the excavator finished work on First street and was moved to Main and Second streets, which it will traverse as far north as Irvine, thence east to First, completing the work around the court house. This will leave an opening for the city firemen until the work is almost completed.

ASPIRIN

"Bayer Tablets of Aspirin," is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost a few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Mononaceticacidester of Salicylic acid.

NORMAL SCHOOL OPENING SEPT. 21

Coming Term To Be 48 Instead of 46 Weeks—Many New Instructors Chosen

The first term of the State Normal School will open one week later this year than formerly, and the school year will be 48 weeks instead of 46, as heretofore. This change has been made to make the first "term end" and the Thanksgiving holidays coincide, thus saving time; to make Commencement week fall one week later than the usual school Commencements, thus enabling the alumni of the school to be present at the Commencement; and, most important of all, to cause the third term, the last big term, to begin after most of the rural schools are closed. The policy of the Normal Schools is to be open always when other schools are closed, and to be closed the shortest time possible during the year, and then only while other schools are open.

The faculty of the school has been enlarged to meet the demands of the growing student body. The following teachers have been added to the faculty: some to take the places of teachers resigned, others to fill new positions:

Mrs. Gladys Perry Tyng in place of Miss Hansen, on leave of absence. Miss Germania Wingo, of Farmville, Virginia, instead of Miss Jordan, resigned. Miss Florence Lewis, of Winchester, instead of Miss Horn, who takes the 7th and 8th grades of the Model School, in the place of Miss Hinkley, resigned. Miss Jesse Newell, of Houston, Texas, instead of Miss Hanawalt, resigned. Prof. Lee McClain, principal of the High School; Supt. Edwards has been performing the duties of the principal for the past two years. His duties as Director of Training School made it necessary to relieve him of part of his load. Miss Jane Rice, of Madison county, succeeds Miss Davis, resigned.

Miss Rusie Miller, of Springfield, Ky., succeeds Miss McMillan, resigned, who had been the teacher of Expression and Physical Education. Miss Miller will have charge of Expression only, while Miss Katherine Hammond, of Welch, W. Va., will have charge of physical education for women. Miss Hammond is a graduate with honors of Sargent. Mr. George N. Hembree, of Knox county, Ky., will have charge of Physical Education and Athletics for men and boys instead of Mr. McCoy; he will also have some of the work in the Commercial Department instead of Mr. Compton, resigned.

Prof. Ashby Carter, of Nashville, has been secured as assistant in the Science and Agriculture Departments.

Supt. W. L. Jayne, former Superintendent of Boyd county, Ky., has been engaged as field and "follow-up" man. He will take a large interest in the rural school department which will be developed more fully than ever before.

Every teacher engaged has been selected with the greatest care. With the exceptions mentioned, the faculty remains the same.

NOTICE TO TAXPAYERS

Your city taxes for the year 1920 are now due and in my hands for collection. You are requested to call and settle. On all taxes not paid by November 1st, the penalty prescribed by Ordinance will be attached, also interest at the rate of 6 per cent per annum will be charged on all bills in my hands after November 1, 1920. RICHMOND PASTOR IS IN GREAT DEMAND

Rev. Matherly Provides Pastors As Well As Conducts Series of Revival Meetings

Rev. D. H. Matherly, pastor of the Second Christian church, who has been holding revival services at various churches in this and other counties, has again decided to quit the work for the present. However, he will go to Pharis, Clark county, next week, where he will begin a special service. This, he states, will be the last for the time being, since he contemplates returning to Richmond and start the ball rolling looking towards a new church, if such a thing is possible.

Mr. Matherly stated he had to say "yes" when called to the Pharis church, since he was pastor there for a period of three years and endeared himself to both the place and people. He will spend about ten days of two weeks there, after which he will say emphatically that his revival work is done for the present and devote all of his time to his church in this city.

"We want a new church," he stated, "and I will spend most of my time in seeing whether we can get one, starting the work about September 28."

Mr. Matherly has just concluded revival services at the Antioch church, where he also provided a pastor in the person of Rev. W. G. Peele, there having been none there for more than a year. He had a number of additions to the church. He also officiated in a very successful manner at the Christian church at Mayo, with similar results. His services have been in great demand during the summer and while he asserts he was needed at home, he felt obliged to accommodate as many of his friends as possible.

LATE NEWS

Four of the eight girls escaping from the reform school at Greendale, near Lexington, are still missing, there having been no trace of them since their departure. It is believed they were assisted by friends after their escape.

Mrs. William Sherlock, Alliance, Neb., saturated her clothing with kerosene, then ignited her clothing, death resulting almost instantly. It is believed she was demented.

A Louisville clergyman states the cause for increase in divorces is the emancipation of women. This and nothing else, he claims, and the fact will soon be more forcibly illustrated. The biggest steer in the world said to be from Canada, is "Sir Douglas Haig," and his weight is 3,500 pounds.

Mrs. Sarah Ann Severs, Zanesville, Ohio, is dead at the age of 110 years. She is said to have been the oldest woman in the state.

A message from Miss Kathleen Park, of Columbia, Tenn., states that she recently submitted to a serious operation and will not be able to resume her school duties at Caldwell for several weeks. Miss Park has made numerous friends during her stay here who will greatly regret to know of her illness and hope she will speedily recover.

According to a French scientist who has made tests it is the lash of a whip which strikes a horse the most severely, not the snapper on the end.

At Columbia, A. W. Tartar, jailer, threatens to quit because of loneliness. He has not had a companion, he says, since the old house dog was a pup and nobody is going to run for the office.

Heavy rains have destroyed many bridges and done great damage to roads in Mason county.

At Bardonia, where systematic thefts of whisky have been recorded for some time, two more barrels are said to have been stolen, and no one seems to know how to go about the work of ferreting it out, officials say, since the distillery is guarded constantly.

Louisville soldiers will start on a 2,000-mile hike, taking them into Pennsylvania, on a recruiting tour. This is the longest trip yet undertaken by troops for this purpose.

Louisville is fighting against a threatened increase in street car fare. Babe Ruth has not been heard from officially for about three days. Another homer is coming soon.

When holdup men stopped Sam Bell in Toledo, Ohio, he gave up \$30, but swallowed his diamond ring. Now he says he is both in and out. He is in a hospital temporarily.

At Georgetown Sunday night the lightning burned the paper trim the walls of the home of Sharon Fleming, but did no further damage.

Twenty acres of tobacco owned by John and James Garrett were almost totally destroyed Sunday night by a storm which swept south of Georgetown.

Saturday afternoon the grandstand at the Maysville fair collapsed, precipitating more than 400 people to the ground, none of whom were killed.

HOW TO BUILD YOUR BUSINESS

One of the most important steps in the rebuilding of your business is to establish the right banking connections — to deal with a Bank that in addition to furnishing routine facilities takes an active personal interest in the welfare and success of each customer.

We invite your account on the basis of rendering just this kind of service. As a member of the Federal Reserve System with its immense resources of over Six Billion Dollars, we are able to co-operate with customers in furnishing the highest character of safety for their funds and service in the upbuilding of their business.

Come in and get acquainted.

Southern National Bank
Richmond, Ky.

Telephone for Your Room

In these days of crowded hotels traveling men find the long distance telephone valuable in arranging for accommodations in advance. This insures rest and comfort and no wait for rooms to be vacated. A STATION TO STATION call costs little and there is always some one in the hotel office.

CUMBERLAND TELEPHONE
AND TELEGRAPH COMPANY
INCORPORATED

Mob of 500 took Tom Owen from the Tulsa, Okla., county jail. He was charged with murder. The disposition of Owen has not been ascertained.

Examinations for mine posses in Kentucky mines, as well as foremen of the same, started Monday in the various mines of the state.

More than \$8,000,000 worth of peanuts are grown in the United States, but it is necessary to import to supply the demand.

A night shift of men have been put to work in order to hurry the work of finishing the new LaFayette hotel at Lexington.

Charles M. Ivey was electrocuted Sunday night while leaning against a standard supporting one of the large electric lights providing the white way at.

There will be no special Labor Day celebration in Richmond. There will be a court day, however, and plenty of business, since business establishments will remain open as usual.

The four-year-old child of Mrs. Nancy Peppers, of Elkhorn, near Whitesburg, was scalded to death by falling into a tub of hot water.

Miss Hester Covington has joined Miss Effie Land, of Lexington, for a few days' stay with Mrs. W. R. Boggs at Red House.

Upper Kentucky Educational Association will hold its regular annual meeting at Jackson September 190

Attendance at the Blue Grass fair at Lexington is said to be greater than that for the same date last year for Wednesday.

KENNEDY PRODUCE COMPANY
AT L. & N. DEPOT—The Old Lumber Yard

Auction Sale of Land and Personal Property

Of James H. Weaver

Friday, September 10th., 1920

10 O'clock

109 acres of fine land, well located

LOCATION—In Lincoln county, 5 miles from Lancaster, 6 miles from Stanford, 9 miles from Danville; 3-4 miles from Lancaster and Danville pike. On good graded gravel county road leading from Lancaster and Danville pike to Lancaster and Stanford pike; 1 1-2 miles from Hubble and in splendid neighborhood, close to schools and churches.

IMPROVEMENTS—New two story 8 room dwelling with 2 halls, 2 porches, new garage, one stock barn, one six acre tobacco barn and other out buildings; new stock scales; one good tenant house. Cistern at house and barn and everlasting stock water. On Dix river. Good orchard, grape arbor and other small fruits. 25 acres in corn, 25 acres in cow peas, 4 acres in tobacco, balance in grass. On rural route and telephone.

This is splendid productive land, nearly all level. Some of that good Dix river bottom. This is a tractor farm. No waste land. A nice home and pleasant place to live. Nice yard and garden. This farm is just the right size and will be sold as a whole.

My contract calls for an ABSOLUTE SALE WITHOUT RESERVE OR LIMIT, so somebody is going to buy this farm at the "High Dollar." Be sure not to overlook this sale. It is in one of the best counties in the state of Kentucky.

PERSONAL PROPERTY

At the same time will sell for Mr. Weaver 35 head of Southdown ewes, one buck, 2 Shorthorn cows, 1 Hereford cow, two 700-pound steers, one 600-pound black heifer, 1 Jersey milk cow; 1 Duroc boar, 9 brood sows, 35 shoats, weight 50 pounds, 1 aged mare mule, 1 new Fordson tractor, with gang plows, double disc harrow and culti-packer, mowing machine, hay rake, manure spreader, 2 wagons, wheat drill, corn planter, plows, wagon gears, etc., 4-horse International gasoline engine, ensilage cutter, corn crusher, belts, etc, outfit complete; 6,000 tobacco sticks, household and kitchen furniture.

Dinner on the grounds. This is a big sale. Don't fail to attend.

For further particulars see the owner, W. A. Dickerson, or George Swinebroad at my Lancaster offices, W. E. Moss or R. H. Dever at my Danville offices, or

Swinebroad, The Real Estate Man

LANCASTER, KENTUCKY

Don't overlook dates of other sales. Send for catalog, descriptions of farms for sale publicly and privately.

COURT DAY SALES ON WATER STREET

It has been suggested that the horse sale next Monday be held on First street, south from Main to Water, and on Water street. This will perhaps be the plan followed, since it will be impossible to conduct the sales on First street between Main and Irvine, owing to the recent excavation work. Street workmen state this will have to be left unmolested until concrete is placed.

The sale, which is expected to bring a large number of animals to the city, promises to be an extensive one. Owing to the fact that the day falls on Labor Day, and the latter not being extensively observed, the business establishments of the city will be open as usual, much after the fashion of the Fifth of July, which fell on Monday, also a court day.

"There will be sales conducted if they have to be held in the outskirts of the city," said a well known horseman in speaking of the change in the headquarters for the salesmen. It is believed the sale this month, however, will be surpassed by that of next, owing to the work on the farm being more complete at that time. It is expected, too, that there will be many cattle placed on the market next Monday, the first since the early spring sales.

PROVES GOOD SPORT HUNTING OF DOVES

With the dove season open many are enjoying the sport this season. In fact, more than the usual number of hunters are to be seen in woods and fields. The demands for licenses continues and the number of hunters increases. Some good records are said to have been made by some of the well known marksmen of Richmond and Madison county. There are many parties in the field on Wednesday, the opening day.

One of the consisted of Messrs. Harold Oldham, William Hackett, Rodes Terrill, John Hurley and Ellison Adams. The latter and Mr. Terrill are said to have taken the lead, being the first to reach their limit. Hackett is reported as having been the third. Birds are said to be plentiful. While there are many hunters, no violation are reported, all being provided with the necessary licenses.

MOTOR VEHICLE DRIVERS' TROUBLES

Confronted by a charge of operating a motor vehicle while intoxicated, Russell Azbill made a denial in city court, but after the evidence had been introduced City Judge G. Murray Smith was of the opinion Azbill was guilty, hence the assessment of a fine of \$10. This was paid.

Another instance wherein the motor vehicle law was upheld was the case of Peter Irvine, charged with reckless driving, and the termination of the case was that he was held to the grand jury in the sum of \$200. Irvine is said to have been in charge of a truck and collided with one Hence Hawk. The latter alleges he was crossing the street when the collision occurred, and he was slightly injured. The driver is said to have passed on, and this is the phase of the case that attracted the attention of the court. The latter held that should a victim not be badly injured, the law is very, very strict regarding the passing on by the motor driver, which is a very flagrant violation of the law. This phase of the matter was dwelt upon very extensively by the court, who held that the driver should in all cases stop and make inquiry, and render aid if necessary.

THERE will be a pie and ice cream supper at Green's Chapel school, Friday evening, Sept. 3rd. Everybody invited.—Miss Nannie R. Pearson, Teacher. 211 2

Julian D. Blake, mail carrier, has the toes and the calluses, without returned from a two weeks' vacation.

MAN CHARGED WITH MURDER BROUGHT HERE

William Smith was brought to the Madison county jail to await trial, having been charged with the murder of Carlo E. Marion, a marshal at the Horse creek mining camp. Smith was given a hearing before County Judge R. B. House and held without bail.

Most of the evidence coincided with the dying statement of Marion. In substance, it appears that Smith shot Marion when the latter had gone to make arrests of Smith and a woman, who had been reported to be bootlegging; that when Marion came into the sight of Smith and asked him what he had done with his whisky the latter shot him twice before Marion could draw his revolver. The woman was allowed bail.

"MISS HOBBS" TONIGHT

A new star, a remarkable cast of famous players, and an internationally renowned comedy form a "three-ring circus" of attractions which Manager Ward will present at the local theatres Thursday. The combination is made up of Wanda Hawley, recently created a Realstar; a cast composed of Harrison Ford, Helen Jerome Eddy, Walter Hier and Jack Mulhall; "Miss Hobbs," the famous Jerome K. Jerome stage success, scenarized by Elmer Harris.

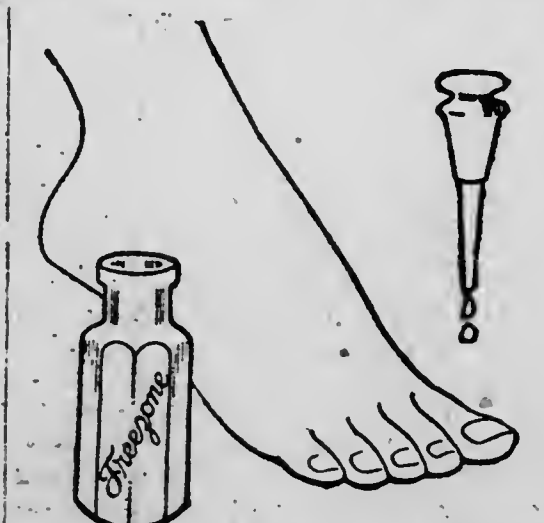

It is seldom that a new star is launched so auspiciously. With capable support and a story that every critic in the country has acclaimed for its humor, Wanda Hawley should make the same tremendous hit in "Miss Hobbs" which was evident during her long months of apprenticeship as a leading woman in numerous distinguished picture dramas.

"Miss Hobbs" is a story that will delight every normal-minded American who detests fads and faddists. The play details a most amusing sketch of a girl who "hates men" and takes to smocks barefoot dancing, futurist art and vegetarianism as a substitute for the ordinary interests of woman-kind. But Dan Cupid has his own way of doing things, and when Wolf Kingsearl—but why take away from the pleasure of seeing the story unfolded on the screen?

EFFECTIVE LICE DESTROYER
Sodium flourid is an inexpensive powder one application of which will destroy all lice on a bird. The college of agriculture says there is no good reason a flock should not be freed from lice and kept free from these insects. Fowls will not give adequate returns when allowed to remain in an unsanitary condition. The presence of lice on poultry and mites in houses are a serious detriment to the birds.

"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly lift it right off with your fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. It

Everyone is feeling good in this section over the prospects which the rains have given to corn and tobacco crops. We are predicting the best crops in years. Grass is fine and all stock is doing well. In some sections the farmers will no doubt lose much of the feeding value of their corn on account of it being late if they are not provided with silos. This late corn can be utilized to a good advantage by those who have silos.

Miss Grace Finch, of Berea, spent the week-end with Miss Ada Smyth. The protracted meeting which has been conducted the Bend school house by Rev. Peele closed Monday night.

James McCarthy, of the postoffice force, has returned from a two weeks' vacation spent in Cincinnati.

EFFICIENCY ENGINEER SHOWING UP RETAILERS

(By Associated Press)
New York, Sept. 2.—Old-fashioned sandwichman publicity has been chosen by Dr. Robert Grimshaw, efficiency engineer and faculty member of the New York University, for an attack on the high cost of groceries in the Washington Heights section of the city. Dr. Grimshaw served notices that grocers would have to cut their prices, or hear from him. Quotations remaining virtually the same, the doctor's billboarded sandwichmen paraded through Washington Heights main thoroughfares and market sections heralding the wholesale prices for garden truck showing a wide margin below retail costs.

France has built up an extensive industry of making artificial ivory.

Webb Cornelius has moved his family from Louisville to Waco, where he will make his home. He was a former resident of Madison county and has been "threatening" to come back for a long time.

Be Slender

A true way to become slender, safe, healthy is the KOREIN. See the picture: the reasons are to give you idea of size before re-stating yourself, or changing your weight. No sale or chance, no thyroid, no loss of time. Just follow the simple, easy KOREIN system as add for you to reduce 10 to 25 pounds (relative to you need) under this money-refund guarantee. Safe, reliable, recommended by physicians. Add to your capacity and charm. Amaze all who know you. Become lighter in step, younger in appearance. Attract, gain in health, add years to your life! Ask for KOREIN (pronounced Kowrin) at any drug store. Follow the KOREIN system, reduce your waistline, chest, bust or double chin, become graceful and attractive. Show others this ADVERTISEMENT.
